The Quaker Crimped Crust Bread Pan.

As the Crimps so shall thy Slicing be.

It is with no small degree of pleasure that we present to the public this new device which makes itself felt immediately for the reason that it strikes directly at the foundation of good living and household economy. Everybody knows that the first great requisite to good living is good bread, and it is therefore passing strange that for ages there has been practically no improvement in this most necessary, essential and indispensable article of diet. Not even the painful cries of the hopeless dyspeptic, agonizing under the baleful influence of the sodden underead bread of the country, have been sufficient to start the inventive genius, man. The physician and the inventor of patent nostrums have seen their opportunity and have piled the stomach of man with worm-wood and gall in their efforts to repair the wrong produced by the consumption of bad bread.

RELIEF AT LAST!

Relief has come at last in the invention of the Quaker Crimped Crust Bread Pan. It is not a novelty, but a thoroughly reliable addition to the culinary department of the household. It has been thoroughly tested, and is now being used extensively by all classes and conditions of people. It has sprung into popular favor with a suddenness that but shows how great was the need for such an article. We wish at this time to point out a few of the advantages of the Quaker Crimped Crust over the ordinary bread pans now in use, and after so doing we shall leave it to the consideration of the individual.

ADVANTAGES OF THE QUAKER CRIMPED CRUST PANS OVER ALL OTHERS.

Taken for granted your flour is good, that your yeast is fresh and potent, and that you have observed all the conditions necessary to the making of a good sponge—the great prime requisite in the baking of bread is an even application of the heat which shall produce a perfect coagulation of the albumen. The Quaker Crimped Crust has the advantage of being round, and receives the heat from all points at the same time. There can be no burning on the top while the bottom remains underead and soggy, as in the old square pan so common in use.

GREAT HEATING AND CRUST SURFACE.

The Quaker has more heating surface than any other pan. "It's in the crimp!" the many folds of which afford a large surface for the even distribution and application of the heat.

ADLAI'S BOOM.

The Vice President May Receive
the Nomination for President.

Mr. Stevenson Is Immensely Popular
in the Southern States.

It is thought by Washington Democrats that the Nomination Lies Between Him and Gov. Boies—A Southern Man to Be Selected for Vice President.

CHICAGO, June 5.—A Washington special says the feeling is growing here among democrats that the nomination lies between Boies and Stevenson.

It probably all depends on the attitude of Illinois. Illinois has been counted for Morrison heretofore. The rank and file of the party are not opposed to Stevenson, but there is a fear among some of the Illinois democratic leaders, it is said, that he would not recognize the political machine. Throughout the south Stevenson is immensely popular. This is especially true in Kentucky, Florida, North Carolina and Alabama. Kentucky will probably take the lead in the convention for the vice-president if she is given a complimentary vote to Blackburn. The objection to Boies, in fact the only weak spot in his candidacy, is his comparatively recent affiliation with the republican party.

The southern democrats in congress are afraid of Boies' record in this regard. Stevenson would easily be the nominee over Boies, it is said, if his own state would only formally present his name. The indications are that it will not, but will support Boies instead.

It is barely possible that a southern man may be nominated by the democrats for vice president, but hardly probable. The southern men themselves seem to feel that the time has not arrived when the democratic party can safely venture to take a nomination south of the Mason and Dixon line. Senator Daniel will be the most popular candidate for vice president, but as he is an ex-confederate he will be proscribed. Senator Blackburn, whose name will be presented for the presidency is an ex-confederate, and he, too, expects nothing more than a complimentary. In fact, all the names mentioned in connection with the presidential ticket, except Tillman, are ex-confederates. Speaker Crisp is doubly disqualified—that is, constitutionally and politically. He was born in England, which will prevent him becoming a president under the constitution, and he served in the confederate army, which is a political disqualification, unwritten but equally as binding in its effect.

ST. LOUIS CONVENTION.

Col. Swords and Sergeant-at-Arms Burnes Hard at Work.

ST. LOUIS, June 5.—The two busiest men in St. Louis Thursday were Sergeant-at-Arms T. E. Burnes, of the republican national convention, and Sergeant-at-Arms H. L. Swords, of the national committee. Col. Swords has completed every detail for the accommodation of the national committee-men, who will arrive here Monday next. On the Wednesday following their first formal meeting will be held, when the roll of delegates will be made up. This roll will not include contestants, as that matter will rest with the credentials committee.

Gen. J. S. Clarkson, of Iowa, will probably be the only absentee, owing to illness. Col. Swords was busily dictating letters to a stenographer when seen by a representative of the United Press. On the lapel of his coat was a large Allison badge. Col. Swords hails from Iowa, and has been and is still, an enthusiastic Allison man.

SPANISH SOLDIERS

Commit Horrible Crimes in the Province of Santiago de Cuba.

HAVANA, June 3, via Key West, Fla., June 5.—Information of a horrible crime committed on a Cuban woman and two girls of eight years by Spanish soldiers near the town of Arroyaguera, province of Santiago de Cuba, has just been received in this city. The woman and children were ravished by the soldiers, then killed and burned to hide the crime.

Near the same village a company of Spanish soldiers met five Negroes with a cart load of fruit. They were ordered to dismount and were immediately bayoneted and left in the road.

At Minas de Firmesa a party of ten men and boys were held up by a Spanish soldier, and after subjecting them to all sorts of indignities they were strung up, some by the waist, others by the arms, and shot. After several hours they were discovered. Some time later they were cut down.

ST. LOUIS NEWSBOY Killed.

ST. LOUIS, June 5.—Geo. Bicks, a nine-year-old newsboy, who lived with his parents at 3152 Brantner Place, was crossing papers on a Northern Central electric car going west on North Market street, near Spring avenue, Thursday. The train struck a curve, throwing him to the street. He fell in such a position that the wheels of the trailer passed over his body. He lived but a few minutes.

Killed by the Cars.

ST. LOUIS, June 5.—Frank Breen, a 60-year-old laborer who lived near the river Des Peres, was instantly killed by Missouri Pacific train No. 5, west-bound, near Ecoff avenue Thursday. He was crossing the track and did not see the approaching train. Charles Dees, a tinner, was run down by a railway train near the southern city limits Thursday evening and instantly killed.

Safe at Gray Gables.

BUZZARD'S BAY, June 5.—Mrs. Cleveland, Ruth, Esther and Marion Cleveland, with nurse and maid, arrived at Gray Gables soon after 9 o'clock Thursday evening, having left Washington Thursday morning.

An Ordinance

GRANTING PERMISSION TO THE OHIO TELEPHONE & TELEGRAPH CO. TO ERECT AND MAINTAIN ITS LINES UPON THE STREETS, ALLEYS AND BRIDGES OF THE CITY OF MARIETTA, WASHINGTON COUNTY, OHIO, UPON THE TERMS AND CONDITIONS THEREIN STATED.

SECTION 1. Be it ordained by the Council of the City of Marietta, Ohio, that The Ohio Telephone & Telegraph Co. its successors and assigns, be and the same is hereby granted, permission to erect, operate and maintain its lines upon, along, over and under the streets, alleys and bridges of said City upon the terms and conditions hereinafter stated.

SECTION 2. All poles shall be erected and located under the supervision of the Committee on Streets and Alleys, shall be neatly shaven, kept well painted, shall be at least thirty-five feet high and shall be so erected as not to interfere with the public use and travel of said streets and alleys, and the lowest wires on said poles shall not be less than twenty-five (25) feet above the ground, and no poles shall be placed on Front Street below Putnam Street.

SECTION 3. After the erection of said poles and wires, said Company shall be bound to keep the streets, gutters, curbs and sidewalks, to the condition in which it found them before said erection. And upon the failure of the Company so to do, said City may after twenty (20) days notice to said Company in writing, repair such portion of the sidewalk, gutters and curbs, as may have been so disturbed by said Company and collect by action of law from said Company the cost and expense thereof. In case said Company's lines shall interfere with any public improvement, said Company shall, upon due notice thereof in writing from Council, remove its lines at its own expense to a location to be designated by the Committee on Streets and Alleys, provided that said Committee shall direct no greater change than such is necessary to make said lines conform with such improvement.

SECTION 4. Said Company shall save said City free and harmless from all damages, caused by the construction or negligent maintenance of its lines and shall be liable for all injuries to public or private property of any kind whatsoever.

SECTION 5. In consideration of the rights and privileges granted herein said Company shall furnish free of cost to said City, space for its Fire Alarm and Police Telegraph Wires, upon all poles which are erected pursuant to this ordinance.

SECTION 6. All rights granted herein are expressly granted subject to all ordinances and regulations now in force, or that may hereafter be passed by Council, and to the use of Streets and Alleys and other public places by Telephone and Telegraph Companies.

SECTION 7. This Ordinance shall take effect and be in force from and after the earliest period allowed by law.

Passed June 2nd, 1896.

J. S. HATHAWAY, President of City Council.

Attest: CARL BECKER, City Clerk.
